

Virginia Unified Risk Assessment Model (VURAM)

Central Appalachian Regional Brownfields Conference

Pulaski, Virginia

April 10, 2018

Vrushali Gandhi
Risk Assessor
(804) 698-4094
vrushali.gandhi@deq.virginia.gov

What VURAM Is Not

- Does not develop a conceptual site model
- Does not include fate-and-transport evaluation
- Does not calculate risk for ecological receptors
- Is not a Probabilistic Risk Assessment tool
- Does not change RA approach or protocol
- Does not replace program-specific risk based guidance
- Does not change sampling and data quality requirements
- Is not a statistical analysis tool
- Does not calculate uncertainty

VURAM 2.0

(Live demonstration)
